Greetings Supporters and Prayers,

Thank you all for your tender prayers. We would like to praise the Lord for the meetings that we have had this first quarter.

The meetings that we have had so far this year have been an encouragement to our hearts. We have been able to meet new people as well as reconnect with family friends, even connect dots to people we met years ago. Some of our favorite times on deputation so far are Q&A's. Just getting the opportunity to answer any questions that people have about our heart for Japan is a blessing to us. Its amazing getting to switch gears from question like "Are the Japanese people open to hearing about God?" to "do they have McDonalds?". It is also during those times where we can articulate that even though Japan is a foreign land with a foreign culture and foreign language there are still similarities in the day to day.

We are excited to continue sharing our burden for Japan throughout the year. We were thinking about how long we have been on deputation, when we were challenged to consider how big our God is. If we were praying for a specific number of meetings and a specific amount of support we wanted to be at by the end of the year, do we truly believe God would/could provide it all within the year? If so, why aren't we praying for it? Faith sometimes requires unrealistic prayers so God can provide the miracles. The call of God should come with an understanding that He will accomplish it. We are persuaded and resolved more than ever that God has called us to Japan and will provide a way for us to get there.

Please continue to pray with us as we are starting to get more support and more meetings. Thank you all once again for your prayers and

support
